

18th ANNUAL ELEVATOR U EDUCATIONAL CONFERENCE

THE OHIO STATE UNIVERSITY PFAHL CONVENTION CENTER • COLUMBUS, OH

• VENDOR EXPO • EDUCATIONAL SESSIONS • NETWORKING • SILENT AUCTION • VENDORMERCIALS •

Learn and network in three short days.

Attend this conference to gain knowledge about vertical transportation equipment so that you can return to your facility with a better understanding of how to manage them. Have a problem, concern or question? No other event in the country will provide you with the unique networking opportunities with others in the same position as you. You're no longer alone in your quest to keep your equipment running and within budget. This year's Elevator U Educational Conference will better prepare you for the future.

Welcome!

As current President of Elevator U, I would like to take just a few moments of your time to introduce our association and the benefits it provides to professionals such as yourself. As we enter a new year, it's always good to focus on the things we can do better, for ourselves and for those we serve.

Elevator U is an association that recognizes the need for colleges, universities, government agencies and public institutions to have an organized vehicle to promote excellence in design, construction and maintenance for all forms of vertical transportation. The primary vehicle for filling this need is education and networking. As technologies, materials and business practices continually change, we need to ensure we have an organization to facilitate the exchange of knowledge and technical expertise to properly build and maintain vertical transportation that is safe, durable and efficient.

As a member of Elevator U, you will not only garner valuable business relationships, great friendships and the knowledge needed to keep you up-to-date in our industry; but great benefits as well.

We look forward to meeting you, sharing ideas, having a lot of fun and making our facilities more efficient and safe.

*With Regards,
Terri Flint - EU President - Elevator Program Manager | University of Michigan - tflint@umich.edu*
